Weber

Superior yields, extra years of dependable service and unmatched attention to hygienic design are helping Weber carve out the #1 position as a world leading manufacturer of skinning and derinding machinery. Solidly built on precision-cut, ten-mm stainless steel frames, the broad range of Weber machinery is masterfully engineered to minimize vibration and assure a long, trouble-free life. User-friendly controls, worker safety features and easy washdown procedures further enhance productivity. See the complete range of Weber slicing, skinning and derinding technology at www.weberslicer.com or call **1-800-505-9591**.
